### PRODUCT INFORMATION (APPLIES TO ALL PATCHES)

- » **Patches are a great option to direct embroidery**
- » **Prices are based** on size, quantity and percent of embroidery
- » **Calculate the size** of your custom embroidered patch by adding the length + width and then divide by 2
- » For best result in **letter clarity**, all lettering should be 1/4" in height
- » **Merrowed border:** is the standard edge finish for all round, oval, rectangle, square, triangle designs
- » **Laser border:** is always used for all odd shapes, and is optional on circle, square, rectangle designs for the illusion of direct embroidery
- » **Thread colors:** are chosen to match as close possible to your requested pms colors
  - Color fast thread ADD \$.30(P) each emblem
  - Metallic gold/silver thread ADD 30% (P) ea
- » **Order delivery:** is 3-4 weeks with receipt of confirmed art and purchase order
- » **Pre-production sample delivery:** is 2-3 weeks with receipt of confirmed art and purchase order pre - production \$ 200.00(P) is an approximate cost based on size and percentage of embroidery consult your account representative for confirmation.
- » **Rush service:** available add'l 60 % (P) approx 2- 3 weeks consult your account representative for confirmation.
- » **Tape charge:** for quantities 10-49 \$300.00 (P)
  - NO tape charge for quantities 50 plus
- » **Heat seal and self adhesive backing:**
  - 2-3 1/2" sizes ADD \$.20 (P)
  - 4-5" sizes ADD \$ .40 (P)
  - 5 1/2" and up special quoted with design
- » **Heat seal application:** 300-350 for 5-10 seconds on heat press machine
  - Once patch is heat sealed, patch becomes permanent. We also suggest to sew on each patch.
  - **Do NOT bleach when washing**
